18100 MONTE BELLO ROAD, BOX 1810, CUPERTINO, CA 95015

Total vineyard production:  
213 tons from 103 acres  
41% selected for this wine

**2007 Monte Bello, bottled April 2009**

A mild February brought early budbreak, and ideal conditions through spring allowed the vines to set a full crop. In late September, however, cold weather halted ripening. October was wet and wintry; then, on the twenty-third, temperatures soared into the high eighties. The grapes rebounded quickly, developing incredible intensity. When tannins did not extract readily, we shifted from whole-berry to full crush, putting the seeds in contact with the juice. For the first time in years, we continued twice-daily pump-overs until press, at seven to ten days. Most lots finished uninoculated malolactic by year's end. In late January, we blind-tasted thirty-six lots, choosing seventeen for the first assemblage. In May, six more were included. Despite the unusual weather, this is classic Monte Bello—dark fruit, firm tannins, and lively acidity. It will benefit from a decade of bottle age, and continue to mature for another twenty years.
