In 1972, Ridge made the first Lytton Springs Zinfandel. Four more vintages followed. Over the years, we compared them with Ridge zinfandels from fifteen other sites. Time confirmed what we had sensed from the outset—here was one of the great California vineyards. It was our good fortune to purchase the estate property in 1991. In 1992, unusually ripe grapes produced a very rich, full wine. Balance and intensity of fruit give it immediate appeal, and firm structure ensures longevity. PD (2/94)

Since 1962, Ridge has championed single-vineyard winemaking, exploring California in search of great vineyards where climate, soil, and varietal are perfectly matched. Using traditional methods and minimal handling, we strive to produce the highest quality wines from superior and distinctive fruit. We are proud that our three decades are an integral part of California's winemaking history. For information on the wines or visiting us at our Monte Bello (Santa Cruz Mountains) or Lytton Springs (Sonoma County) Wineries, call (408) 867-3233.
