2016 Petite Sirah, bottled December 2017
Mild August weather created ideal ripening conditions for the petite sirah at Lytton West. The six vineyard blocks were fermented separately for seven days. We selected two hillside parcels to bring depth and texture to the young vines block. After twelve months of barrel aging, tannins have integrated and the wine is beginning to soften. This exemplary petite sirah will develop over the next ten years. JO (8/17)

Ingredients: Hand-harvested grapes; indigenous yeast; naturally occurring malolactic bacteria; oak from barrel aging; minimal effective SO₂. JO (8/17)
