## 2023 Lytton Springs, bottled January 2025

A cold, rainy winter and a cool summer pushed the growing season back, slowing ripening. Harvest began on September 23 and finished on October 24. The twenty-eight parcels that produced the most typical Lytton Springs were combined and racked to barrel. Fine tannins, moderate ripeness and focused fruit are hallmarks of the vintage. This elegant wine is enjoyable now, and has the structure to evolve over the next ten years. SR (12/24)

Ingredients: Hand-harvested, organic grapes; indigenous yeast; naturally occurring malolactic bacteria; oak from barrel aging; minimum effective SO<sub>2</sub>.
