

LIGHTS & BRIGHTS
L & B
SPRING 2026

RIDGE
VINEYARDS

Exceptional single-vineyard wines since 1962

Hello friends,

I'm excited to share our Spring Lights & Brights releases: the 2025 Alder Springs Falanghina and 2025 Heringer Chenin Blanc.

The 2025 Heringer Chenin Blanc marks our second vintage with this exceptional fruit from Clarksburg. In the 1970s, the Heringer family recognized the potential of their silty loam soils and delta-influenced climate, planting vineyards near the Sacramento River Delta. Chenin Blanc offers a wide range of expression depending on harvest timing, and we picked at 22 brix to highlight tropical and citrus notes. Fermented and aged entirely in stainless steel, the wine shows aromas of lime verbena, apricot, and chamomile, with flavors of white tea, ginger, and lemon meringue framed by lively acidity.

The 2025 Alder Springs Falanghina comes from a steep, coastal vineyard in Laytonville, Mendocino, where RIDGE has worked since 2018. This rugged site benefits from elevation and ocean influence, producing wines with pronounced minerality and brightness. Whole-cluster pressed and fermented in stainless steel, the wine offers notes of green apple, tangerine, white peach, cherry blossom, and honeysuckle.

For members who added the optional wine, 2025 Ponzo Gamay, enjoy this light, refreshing red with notes of tart red cherry, cranberry, violet, and raspberry—perfect with a slight chill.

Cheers to spring and summer moments shared with these bright, refreshing wines!

Shauna Rosenblum
Winemaker, Lytton Springs
